

Caregiver Testimonials

A much deserved congrats on winning the People's Choice Award!! You know how I feel about Age with Grace--- I'm totally convinced that you are by far, the very best company to work for! Hands down, no question! Somehow, and it's beyond my ability to comprehend, you all work together with great consideration for both the caregivers and the clients to create a beautiful synergy that is comforting and supporting for all! I just love you all and feel over- the -top blessed to be a part of your organization!

THANK YOU!

Pauline

I enjoy having the opportunity to make a difference in a client's life. I try to bring a smile to their face and believe that it's important to laugh. Seeing a smile on a client's face makes me feel appreciated for what I do. Working for Age with Grace is a very rewarding job!

Age With Grace....with dignity, with respect, with care, laughter and joy. That is what I hope to bring to all the clients that I meet, while working at Age with Grace. It's a privilege to be allowed into their lives, to know their families, hear their stories, and spend time enhancing their day to day lives. It's always a pleasure to be considered a friend. Age With Grace is a place that promotes this philosophy and is the reason I'm proud to be one of their Care Givers.

I love working for AWG because they are understanding, compassionate, and thought full. The ladies in the office really appreciate their employees and tell us all the time "Thank You" for the job you do. I know I can always call them if I have a problem and they will help me get it solved, whether with a client or myself.

I love working for Age with Grace because of the appreciation that the company has for their employees. The company is more like family then a work place. The clients are absolutely amazing along with their families. I have been with Age with Grace for three years and I couldn't be happier.

Working with Age with Grace has been the most rewarding, uplifting experiences of my life! A lot of people say they work for a great company but truly they cannot say they work for an amazing company like I do! You will not find caregivers more caring or compassionate then ours. The management team is exceptional! They always go the extra mile! Everyone I have worked with here go above and beyond! To all people involved with AWG you are not a client... You are a member of the family! I look forward to working each day because to all of us this isn't a job... It's an amazing experience with equally amazing people!

This agency has a personal touch that I've found lacking in other agencies -- they take the time to know both their clients and employees! There's a warmth to this female-owned agency that I've found lacking in other agencies. Glad to work for an agency with high employee expectations. High expectations result in quality client care! I wouldn't hesitate in recommending this agency to friends and loved ones!

I love working for AWG. With the flexible scheduling options, I can work full time and still be able to feel like a full time mom too. At AWG it's all about the people. AWG doesn't place help wanted ads or hang out a sign, they only hire caregivers from direct word of mouth. This means that my coworkers are some of the best caregivers out there! We also have the best clients. If Mary Grace feels that we can't provide what a client needs, she will refer them elsewhere and she will never ask us to do anything that she wouldn't do herself. Whenever I have a situation with a client that needs attention the response is always very quick. When a personal situation arises someone in the office always has time to lend an ear and a kind word. Hard work and extra efforts never go unappreciated and I always feel very valued. For example on one occasion someone called in sick and I had to stay an extra 6 hours so Cheryl, from the office, baked 3 dozens cupcakes for my son's soccer banquet AND delivered them to my house while I was at work, I think that pretty well sums it up, seriously where else could you work and get benefits like that!

Again let me say thank you for being 3 of the sweetest and truly caring women I have EVER met! How many people can walk into their boss's office and get hugs?! ME that's who! You are the best!

Vicki

I absolutely love working for age with grace! I have the best of both worlds. I get to work for wonderful clients, and keep up with my mad crazy tennis schedule! I have met so many really interesting clients, and love them all. And I can't say enough about my boss, and co-workers. They are always the warm loving ladies I envision each and every day! I am blessed to have this group of co-workers. Love this very special group!

I love being a caregiver at Age with Grace, because everyone works together and everyone cares about the clients and each other. It's like we are all family. It's fun going to visit my clients we have such a great time. I don't know who's having more fun - them or me.
